AN ASSESSMENT ON THE IMPACT OF BLOCKCHAIN TECHNOLOGY ON SUPPLY CHAIN MANAGEMENT IN E-COMMERCE

Dr.Aiman Fatma, Ms. Amrita Singh

Associate Professor, Assistant Professor

Department of Commerce & Business Studies

P.K. University, Shivpuri M.P

Abstract

Business operations have been considerably changed by the computerized change, which has become a critical social and economic phenomenon. The effect of advanced change on marketing practices in Clean little and medium-sized businesses (SMEs) is examined in this review. The objective of the review is to closely examine the wide moves caused by advanced technology in the marketing idea, its instruments, and activities inside SMEs. The primary review question focuses on how marketing activities are evolving in modern associations. Our analysis and insights are based on deductive reasoning, results from empirical research, a critical literature assessment, and the author's own in-person market observations. Our analysis shows that the surveyed firms'

marketing practices are progressively incorporating digital technologies. It is noteworthy that many of these technologies are still included in the arsenal of conventional marketing tools, though. This finding highlights how marketing tactics are still evolving and how old and digital methods coexist in Polish SMEs. This study emphasizes how crucial it is to comprehend the complex interactions between traditional and digital marketing strategies in SMEs. Although the digital transformation has brought about a variety of cutting-edge marketing tools and strategies, it is clear that SMEs continue to use conventional ways as well. The study also shows that the necessity to adjust to fast changing consumer tastes and behaviors is what motivates this coexistence.

Sub: MoU for Shodhganga-regd.

Dear Ma'am,

Greetings from INFLIBNET Centre. We would like to thank you for the initiative and signing the MoU to join the Shodhganga/Shodhgangotri project. Please refer to your enclosed copy of the MoU duly signed dated 24th January 2024 for the Shodhganga/Shodhgangotri. We appreciate your effort for promoting Shodhganga: which is a Repository of about 5,18,270+ Indian Electronic Theses.

Enclosed please find the MoU (English Version) duly signed by us for your record and retention. You are requested to kindly instruct your Ph.D scholars/Officials to start submitting their theses online to the Shodhganga repository and research scholars to submit synopses to Shodhgangotri as per the UGC Notification (Minimum Standards & Procedure for Award of M.Phil / Ph.D Degree, Regulation dated 1st June 2009/2016). If soft copies are available, you may kindly pass on to us in CD/DVD after following latest UGC Regulations (Promotion of Academic Integrity and Prevention of Plagiarism in Higher Educational Institutions), 2018. For more details and help to upload, you may please visit <https://shodhganga.inflibnet.ac.in/>

Please also instruct UC to fill following details and send to us at the earliest

- No. of PhD awarded by Institute till date :
- No. of theses available in softcopy :
- No. of PhD Scholars in Institute :
- No. of PhD awarded in one year :
- No. of PhD Submission expected in next 5 years :

NB: You are also requested to sign one set of the MoU (English & Hindi) and send back both copies for records.

[CC: Dr Bhaskar Nalla, Dean Research]

With regards,

11/3/24

Yours Sincerely,

(Manoj Kumar K)

11. The University would agree to host their ETDs in the digital repositories 'Shodhganga or other servers' set-up at the INFLIBNET Centre, and grant non-exclusive license to the Centre to make electronic version of theses in full-text (theses that are born digital as well as those that are digitized using scanners / digital cameras) accessible through open access ETD.
12. The University shall not use electronic version of theses digitized using funds given by the UGC for any commercial purposes. The University shall not rent, sell or license the use of or deliver or release or otherwise part with the possession of the systems / software or the INFLIBNET ETDs databases, Shodhganga or any part thereof to any other party (individual, institution, organization, etc.)
13. The University will also commit their own funds or grants for fulfillment of the project, if the project on implementation of ETDs demands more resources and funds to complete it.
14. The University will use the plagiarism software recommended by the INFLIBNET and made accessible to test the thesis submitted by the student for plagiarism before awarding the Degree. If the university is not subscribing to such software, it will use the software from the nearest Regional Centre, if any.
15. University would encourage and ensure that Research Scholars/ Research Supervisors deposit host their approved Research Proposals/approved synopses on the "Shodhgangotri" once Ph.D. is registered.

III. Termination

Both, the Parties, will have rights to terminate the MoU at any time in case of breach of obligations and terms and conditions of the MoU. This MoU signed hereunder may be terminated by either party at anytime upon ninety (90) days prior written notice. Upon termination of this Agreement, the INFLIBNET / University will stop hosting their theses immediately while keeping the theses already deposited by the University in its archives for its users. The University shall stop using the INFLIBNET's ETD facilities and databases and return any software / hardware or digitized content provided by or through the INFLIBNET, back to INFLIBNET within the 3 months notice period.

IN WITNESS WHEREOFF, the parties hereto executed this MoU on this date above mentioned.

LETTER OF COLLABORATION

Date: 10/10/2023

To
The Principal
Balaji Institute of Pharmaceutical sciences
Affiliated to Kakatiya University
Laknepally Narsampet
Warangal-Telangana

I hope this letter finds you in good health and high spirits. I am writing to propose collaboration between Balaji Institute of Pharmaceutical sciences with the aim of fostering interdisciplinary cooperation and enhancing the education and training of our students in the fields of pharmacy.

Recognizing the vital role that nurses and pharmacists play in healthcare, we believe that a collaborative effort between our respective institutions would be highly beneficial. By combining our expertise, resources, and knowledge, we can create an enriching environment that promotes comprehensive patient care and professional development.

Outlined below are some key areas where collaboration between our pharmacy programs could prove mutually advantageous:

Joint Workshops and Seminars: Organizing joint workshops and seminars on topics of common interest will allow our students and faculty members to exchange knowledge, share best practices, and enhance their understanding of the interdependencies between pharmacies.

Inter professional Education: Collaborating on inter professional education initiatives will provide our students with valuable opportunities to learn about and from each other's professions, fostering a spirit of teamwork and collaboration that is crucial in real-world healthcare settings.

Clinical Training: Creating opportunities for our pharmacy students to engage in collaborative clinical experiences will enhance their understanding of the roles and responsibilities of each profession, as well as the importance of effective inter professional communication and teamwork in delivering high-quality patient care.

We believe that collaboration between our pharmacy colleges has the potential to create a synergistic partnership that will not only benefit our students and faculty but also contribute to the advancement of healthcare practice and patient outcomes.

We are eager to discuss this collaboration further and explore the specific details and modalities of our partnership. I would be delighted to schedule a meeting at your convenience to delve into the possibilities and map out a plan for implementation.

Thank you for your attention to this proposal. We believe that together, our nursing and pharmacy colleges can make a significant impact on the education and training of future healthcare professionals.

Yours sincerely,

Dear Academic,
