In the Loving Memory of the founder

Late Shri Mahaveer Prasad Saraswat 01st January 1942 to 24th December 2013

We are here laying a foundation in the loving memories of Late Shri Mahaveer Prasad Saraswat for the future of India and we are performing a very sacred duty.

All that I want to say is do not be contented with what you have achieved.

The Law of Nature is either you move forward or you have to move forward, you have to constantly work hard with determination and devotion

1. *From the Desk of Chancellor*

Shri Jagdish Prasad Sharma

The world as we know now and as we knew back in 20th century has changed tremendously. The upcoming of life changing technologies and different fields that are now open to academic research and employment as made one thing sure that knowledge will be the key to everything that has to come and will be highly sought after as it has the power to change anything and everything .

I believe that Education is not preparation for life. Education is life itself.

We believe that in professional as well as personal life that we all have, we have to learn how to educate ourselves always, develop and evolve ourselves in a better way. We have to learn how to be responsible towards the society in which we live and to promote it towards growth.

At P.K. University we not only promote the evolution of individual but also the growth of society as a whole. We have to realize that education alone is not sufficient and so we train our students in regions of respect for the society, Having High Morales, Personality Development, Creativity etc. These are some things which are very important in long run.

We realize that right environment is equally important in making a student learn and grow and so at P.K. University we aim at creating that right environment for students by giving them the proper facilities they need to grow. We also regularly tie up with industries and companies to provide our students with excellent opportunities to work and learn with industry experts.

We leave no stone unturned when it comes to providing the state of the art Education to our students. As we believe that when our students excel we excel.

2. From the Desk of the Vice-Chancellor

Prof. Ranjit Singh

As Vice-Chancellor of P.K. University, the objective is to create learning atmosphere of understanding, sharing the thoughts, development of skills, and confidence building amongst the students. The mission of the University is to impart quality education, conduct need oriented research, and explore new frontiers of science and technology. The vision is to develop human resources and policy guidance to build a vibrant, responsive, and resilient society.

The University is situated in a remote area of Madhya Pradesh. There is a need of developing entrepreneurship skills. Collaboration with skill development programs of government will be beneficial to students. Interaction with private and semi-government organizations has to be pursued to enhance placement opportunities.

3. Message of the Administrative Director

Mr. Jitendra Mishra

I am happy to present the Annual Report of P.K. University (PKU) for the year 2020-2021. Last year our country witnessed an unprecedented nation-wide lockdown due to Covid-19 global pandemic. We accepted this challenging time and moved on the path towards success. This report reflects the reports of academic growth, co-curricular activities, and development work that took place during the academic year August 2020-June 2021.

4. *Message of the Registrar*

Mr. Himanshu Paliwal

“Study without desire spoils the memory, and it retains nothing that it takes in”— Leonardo da Vinci

At P. K. University, we believe that apart from book lessons, real life lessons are also very important, which create desire in students for study and motivated them to learn new things. Study should be desire and passion based means while taking admission in any stream, a student must know that it should be related to its liking and supported by ability to learn.

9. Admission Process, Scholarship, & Evaluation/Exam Scheme

The University admits students into its various Diploma, Undergraduate, Post-graduate, and Doctoral programs through well-established mechanism as approved by the various governing and statutory bodies. The course curricula are designed for the all-round development of the students. They are regularly revised, updated, and approved by the concerned Board of Studies (BoS)/statutory bodies/councils duly approved by the Academic Council. The University is also implementing the National Education Policy (NEP) 2020. Several underprivileged students get scholarship from the Government of the State of M.P. during their degree programs. The concerned Department provides all the necessary support and completes all the formalities to make sure that every deserving student receives this benefit.

The University follows both semester & annual systems, and declares the results on time for smooth horizontal & vertical movements of students. Besides the final exams, Faculties/Departments regularly conduct sessional/class tests to monitor the progress of students.
