# *1. From the Desk of Chancellor*

**Shri Jagdish Prasad Sharma**

The world as we know now and as we knew back in 20<sup>th</sup> century has changed tremendously. The upcoming of life changing technologies and different fields that are now open to academic research and employment as made one thing sure that knowledge will be the key to everything that has to come and will be highly sought after has it has the power to change anything and everything.

**I believe that** Education is not preparation for life. Education is life itself.

We believe that in professional as well as personal life that we all have, we have to learn how to educate ourselves always, develop and evolve ourselves in a better way. We have to learn how to be responsible towards the society in which we live and to promote it towards growth.

At P.K. University we not only promote the evolution of individual but also the growth of society as a whole. We have to realize that education alone is not sufficient and so we train our students in regions of respect for the society, Having High Morales, Personality Development, Creativity etc. These are some things which are very important in long run.

We realize that right environment is equally important in making a student learn and grow and so at P.K. University we aim at creating that right environment for students by giving them the proper facilities they need to grow. We also regularly tie up with industries and companies to provide our students with excellent opportunities to work and learn with industry experts.

We leave no stone unturned when it comes to providing the state of the art Education to our students. As we believe that when our students excel we excel.

## **2. From the Desk of the Vice-Chancellor**

### **Prof. (Dr.) Ranjit Singh**

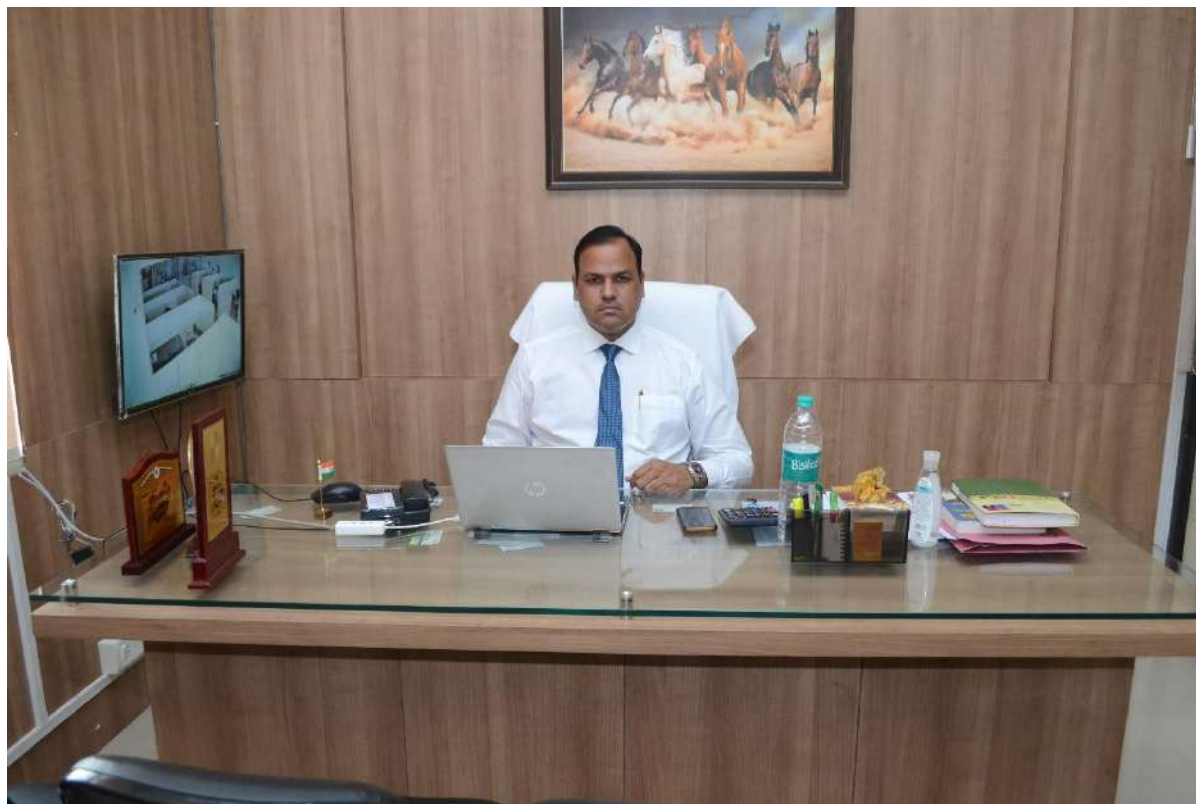

As Vice-Chancellor of P.K. University, the objective is to create learning atmosphere of understanding, sharing the thoughts, development of skills, and confidence building amongst the students. The mission of the University is to impart quality education, conduct need oriented research, and explore new frontiers of science and technology. The vision is to develop human resources and policy guidance to build a vibrant, responsive, and resilient society.

The University is situated in a remote area of Madhya Pradesh. There is a need of developing entrepreneurship skills. Collaboration with skill development programs of government will be beneficial to students. Interaction with private and semi-government organizations has to be pursued to enhance placement opportunities.

### **3. Message of the Administrative Director**

#### **Mr. Jitendra Mishra**

I am happy to present the Annual Report of P.K. University (PKU) for the year 2020-2021. Last year our country witnessed an unprecedented nation-wide lockdown due to Covid-19 global pandemic. We accepted this challenging time and moved on the path towards success. This report reflects the reports of academic growth, co-curricular activities, and development work that took place during the academic year August 2020-June 2021.

## 8. Admission Process, Scholarship, & Evaluation/Exam Scheme

The University admits students into its various Diploma, Undergraduate, Post-graduate, and Doctoral programs through well-established mechanism as approved by the various governing and statutory bodies. The course curricula are designed for the all-round development of the students. They are regularly revised, updated, and approved by the concerned Board of Studies (BoS)/statutory bodies/councils duly approved by the Academic Council. The University is also implementing the National Education Policy (NEP) 2020. Several underprivileged students get scholarship from the Government of the State of M.P. during their degree programs. The concerned Department provides all the necessary support and completes all the formalities to make sure that every deserving student receives this benefit.

The University follows both semester & annual systems, and declares the results on time for smooth horizontal & vertical movements of students. Besides the final exams, Faculties/Departments regularly conduct sessional/class tests to monitor the progress of students.

## 10. Infrastructure and its Amenities

The University offers a conducive environment for holistic teaching-learning process. Modern classrooms, hostels, transportation, health center, central library, Central Computer Center (CCC) & Information & Technology (IT) Cell, and other recreational facilities are there to facilitate its teaching and non-teaching members and students though the University is at its nascent stage. Last year our country witnessed an unprecedented nation-wide lockdown due to Covid-19. The University quickly adopted the on-line teaching-learning mode during this period and continued to impart the quality teaching to the students. After the lockdown, University moved to blended mode and strictly adhered to Covid-19 protocol as per the directives of the State and Central Governments.

Separate buildings for Faculty of Pharmacy, Faculty of Agriculture, and Faculty of Medicine are already in place and new buildings are under construction to cater the needs of contemporary students. Pt. Mahavir Prasad Memorial Multi-specialty Hospital takes care of the health of the members of the University. It also offers necessary medical facilities to the community through various initiatives such as free medical and health awareness camps on various themes. Legal Aid Center of University offers free legal advices to the local community. Moreover, the University organizes numerous programs for the students for their academic and professional development. Training & Placement Cell of the University actively works with various organizations for the placement of students.

## **11. Central Computer Center (CCC) & Information & Technology (IT) Cell**

- ★ **Introduction:** Central Computer Center (CCC) and Information Technology (IT) are the backbone of the success of every organization especially for an education institution. The CCC & IT cells of the University have been constituted with an objective to create a speedy and rapid functioning of the administrative work and academic activities. The cells are working with the existing infrastructure and work force. The cells are trying to foster the growth of the University by maximizing the usages of IT. The cells look after the work related with the Automation, Electronic Information Exchange. The cells include complete functioning of University Website such as uploading and downloading of information, syllabi etc. The IT cell also focuses on the management of official E-mail ids of the students, teachers and employees, online form filling and fee deposition (for admission and examination). The IT cell envisions developing Enterprise Resource Planning (ERP) for the University Automation. Keeping in mind the need of the hour, the IT cell will take the responsibility of the implementation of new trends in the campus such as Virtual Class Rooms, Campus Network and campus Wi-Fi, Dark Zone removal etc. The cell will also facilitate on the more usages of the advanced information technologies and communication for avoiding the duplication of the work and hassle free functioning.
- ★ **Vision:** To be recognized as a leader in providing the world class Information Technology usages at the education institution.
- ★ **Mission:** The cell intends to help all the stakeholders (students, faculties, employees, Government and other associated organizations/people) to be informed and is dedicated to providing necessary information and IT facilities.

★ **Objectives:**

- Facilitate the growth of the University.
- Facilitate University Campus with Wi-Fi facility
- Establish University data Centre and mapping it with State Data Centre so information can be easily accessible for policymaking.
- Support e-Procurement related activities at the University.
- ERP implementation for accounts, examinations and admissions.
- Promotion of IT and IT enabled services for avoiding the duplication of the work with the help of the campus network and Internet.
- Online availability of the information through University website.
- Community welfare by providing timely information on the University website and social media.
- Establishing the Virtual Classroom for the expansion of academics and arrange Virtual Lectures (webinars) with the help of IITs, IIMs and Universities of repute at national and international levels.
- Promotion of education on IT and IT -based education
- Automation and digitalization of various Departments.
- Easy and safe access of information for students and faculties.
- Promote the practice of good Governance.

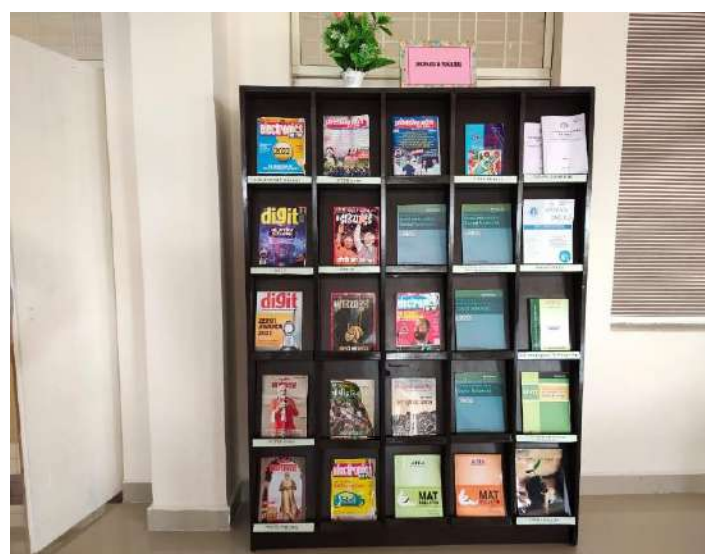

## 12. Central Library

The P.K. University Library System comprises of a Central Library that supports the students, research scholar, and teachers of the University. The Library is a very special place in the Campus with its rich collection of books and journals in the field of Engineering, Science, Technology, Management, Law, Pharmacy, Agriculture, Medical Science and related areas. The Library currently houses over 8000 Volumes of books. The Library also subscribes national and international journals and magazines. Other resources include Videos, Audios, CDs, DVD, Question Papers, Thesis and Project Reports. Our mission is to enhance and enable discovery through the effective utilization of information resources.

Printed resources: Reference books, textbooks, periodicals, magazines, and newspapers.

Electronic collection: E-journals, e-books, & bibliographic database.

## **13. Agromet Advisory Center**

P.K. University strives for continuous improvement of the farmers through Agromet Advisory Center, granted by the India Meteorological Department (IMD), Ministry of Earth Sciences, Govt. of India. The farmers and stakeholders of and around the district of Shivpuri, M.P. are benefitted through the timely availability of meteorological information and weather forecast from IMD as shown in the picture gallery. The information has significantly improved the production in the agriculture sector despite the water crisis in this region.

Past symposiums: P.K. University organized two symposiums in the past on various themes.

- ❖ 2021 : *Symposium cum Demonstration on Agro Meteorological Awareness and Its Importance and Application for Sustainable Development of Resources - “Doesn’t matter how modern - without farmers there is no Food”*
- ❖ 2021: *Symposium cum Farmers & Planners Interaction: “Achieving targets of Soil & Water Conservation & Management”*, respectively.

## *15. Incubation Centre*

P.K.University Technological and desi Incubators was set up in 2018, and formally inducted into a separate not-for-profit society called P.K.U.I.E.D (P.K.University Innovation and Entrepreneurship Development, in 2018.Since inception, the incubator has played a pivotal role in supporting 75 startups, and many more who did not graduate and folded up.

The Incubator has been instrumental in defining and supporting an innovation, commercialization and entrepreneurship ecosystem at the Campus. Directly or indirectly, the incubator has motivated and inspired many alumni students to take up entrepreneurship. As per an estimate, university students and alumni have formed more than 75 startups in Agriculture and Engineering after the incubator was set up in 2021, which may be attributed to the incubator and the ecosystem created in P.K.University, with many of them creating economic value for investors, and leading to job creation.

## 16. P.K.University in the Community

The University has a strong track record of cultivating open dialogue with its many constituencies both internal and external, and has become a champion of entrepreneurial values for problem solving

The P.K.University is a unique, cross-university centre for entrepreneurial growth that really took off during the year in review after opening in 2018.

In 2018 saw the first Women Empowerment Program (WEP), an extension of the original WEP accelerator for early stage ventures. Participants on the WEP reported that their confidence in pitching their business idea increased from 45% - 75%, their confidence to embrace risk increased from 48% to 65%, and their belief in their ability to achieve success with their business within 3 years went from 45% to 65%.

P,K University has cemented its role as a home for immersive entrepreneurial learning, early-stage venture acceleration, and a welcoming space for all members of the P.K.University student community to meet , connect and feed their entrepreneurial curiosity, no matter what they are studying , or what they wish to do or become in their post-P.K.University careers.

### Community project to inspire children’s love of reading wins P.K.University support

University manages a thriving Community Grants Scheme which allows the University to support innovative projects that provide life changing opportunities to local residents. University Trust has formed a Sonal Educaional Society and adopted Govt Upper Primary Schools of Thanra and Khudavalee village with the supplementary copies of books and other electronic devices to nurture a lifelong love of reading.

The Trust will use the funds to expand and develop its library, and hopes to further encourage the children to pick-up a book by introducing a weekly competition that rewards them for reading, both as part of the school curriculum and for pleasure.

## 17. Grievance Redressal Cell

P.K University has formed different committees to redress the students' grievances; anti-ragging committee, P.K University Cell Against Sexual Harassment (PKCASH) and Equal Opportunity Cell. For grievances related to university examination, students can approach the Controller of Examinations or they can see their answer scripts under the RTI Act and for grievances related to academics they can approach the respective faculty dean. Each candidate provides a total of five Affidavits duly signed by the candidate and guardians on anti-ragging, anti-sexual harassment and anti-racism made on non-judicial stamp paper during the time of admission.

P.K University has established a centralized Grievance Redressal Cell to redress any students' grievance. An aggrieved student can register his/her complaint online and the Cell after verifying the facts will try to redress the grievance within a reasonable time, preferably within a month of the receipt of application of the student. While dealing with the complaint the committee will observe law of natural justice and hear the complainant and concerned people, as and when required.

The Cell may recommend to the University Authority any necessary corrective action as it may deem fit, to endure avoidance of recurrence of similar grievance in future. If the student is not satisfied with the verdict, he/she may appeal to the Registrar, the Appellate Authority of the university, for further redressal. If there is any caste base discrimination with any faculty and staff, they can also register their complaint online. Students can also lodge their specific complaints/concerns arising out of COVID-19 pandemic
