About P.K. University

P.K. University, Shivpuri (M.P.) is a reputed state private university, committed to providing **quality higher education**, fostering research, innovation and holistic development of students. The University offers a conducive environment for academic excellence, skill development and social responsibility.

Faculty of Science

The Faculty of Science comprises diverse departments including Physics, Chemistry, Mathematics, Botany, Zoology, Biotechnology, Microbiology, Biochemistry, Food Technology and Computer Science. It offers programs in B.Sc., M.Sc. and Ph.D. with a strong focus on teaching, research and innovation

- Modern laboratories and research facilities
- Experiments, projects and research activities
- Seminars, workshops and industrial visits

Vision: A center of excellence in science education and research, fostering innovation, critical thinking and scientific temperament for the betterment of society.

Mission: Modern teaching, practical learning, analytical and problem-solving skills, ethics, environmental awareness, social responsibility, industry & academic collaborations and higher education, research and employment.

Building Future Scientist, Innovators & Leaders

4th International Conference

STSBRSDG-2026

Science, Technology and Society: Bridging Research with Sustainable Development Goals

About the Conference

The 4th International Conference on STSBRSDG-2026 provides a dynamic platform for academicians, researchers, industry experts and students to share knowledge, exchange ideas and foster collaborations in the interdisciplinary fields of science, technology and society, with a special focus on achieving the Sustainable Development Goals (SDGs).

Objectives

- To promote interdisciplinary research and innovation for sustainable development.
- To provide a platform for sharing cutting-edge ideas and best practices.
- To strengthen collaboration between academia, industry, and society.
- To explore the role of science and technology in achieving SDGs.

Date
4 & 5 December 2026

Venue
Vishveshwarya Auditorium,

Call for Research Papers

We are pleased to invite original and unpublished contributions in the form of ongoing research papers, case studies, and conceptual articles that engage with the conference theme.

Suggested Research Topics

Science, Engineering & Technology, Computer Science

- Integrating Indigenous Knowledge with Modern Climate Science
- Cross-Cultural Collaboration in Public Health Technologies
- AI Ethics and Society: A Cross-Disciplinary Framework
- Environmental Pollution & Health

Art's, Commerce & Manggement

- Intersections of art, culture, and society
- Collaborative creativity in visual and performing arts
- Cultural narratives, traditions, and global interconnectedness
- The role of art and design in shaping inclusive futures
- Cultural intelligence in Global Business Leadership
- Green Finance and ESG Investing: A Cross-National Approach
- Collaborative Economic Models for Rural and Urban Integration

Education & Social Sciences

- Multidisciplinary Pedagogy for Future-Ready Education
- Building Peace through Intercultural Education Systems
- Digital Divide and Inclusion in Post-Pandemic Learning

Environmental Studies

- Global Environmental Policies: A Collaborative Governance Model
- Community-Science Partnerships for Local Sustainability
- Green Cities: Integrating Urban Planning and Social Sciences

Law, Ethics & International Relations

- Human Rights in the Age of AI: A Legal and Ethical Study
- Collaborative Environmental Law between Nations
- Cross-Border Data Governance and Digital Sovereignty

Library Science

- The Role of Libraries in Promoting Cross-Cultural Knowledge Exchange
- Digital Libraries and their Impact on Global Collaborative Research
- Preserving Indigenous Knowledge through Library Science
- Building Inclusive Digital Archives for Diverse Cultures and Communities
- Information Literacy and Cross-Cultural Understanding in a Globalized World

Medical science and Pharmaceutical sciences

- Collaborative Approaches to Combatting Global Health Inequalities
- Cross-Cultural Collaboration in Tackiing Pandemic Preparedness and Response
- Ethical Considerations in Cross-Cultural Medical Research
- The Impact of Globalization on Healthcare Systems: Lessons from Collaborative Practices
- Telemedicine and its Role in Bridging Healthcare Gaps Across Cultures
- Collaborative Research on Traditional Medicine and Modern Healthcare Integration
- Artificial Intelligence in drug discovery and drug development.

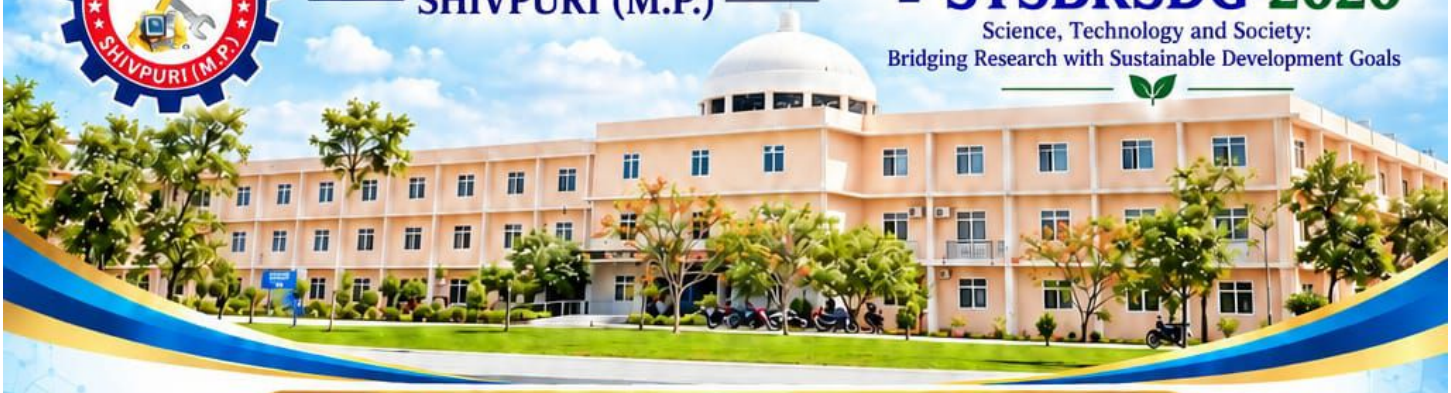

Agriculture Science

- Collaborative Research on Sustainable Agriculture Practices for Diverse Ecosystems
- Cross-Cultural Approaches to Achieving Global Food Security
- The Role of Agri-Tech in Bridging Cultural Barriers to Sustainable Farming
- Climate-Resilient Crops: A Global Collaborative Approach to Agriculture
- Sustainable Land Use Practices: Integrating Traditional and Modern Agricultural Knowledge
- Collaborative Solutions for Water Management in Agriculture Across Different Regions
